

## The philosophy of the WBCSD Teacher Mentoring Program

The WBCSD mentoring program is a collaborative effort between the mentor, mentee, mentor coordinators, administrators and the professional learning communities to assist in the development of best practices to improve teaching and student learning and to retain the teaching staff of WBCSD as we strive for greatness.

## Purpose of Teaching Mentoring Program

The purpose of the West Bonner County School District Teacher Mentoring Program is to assist beginning, new, new to grade level and new to subject area teachers in a systematic and collaborative method. The program is designed to create and maintain a culture that supports the development and professional growth of district teachers. Ongoing collaboration will support and strengthen the acquisition of knowledge, development of skills, and attitudes necessary for successful teaching experience.
